Re: 1969 Chevrolet Camaro

lyndon.vance  
to me

7:31 PM (1 hour ago)

It seems I'm having some problems with the email attachments, so I've uploaded the photos of the 1969 Chevrolet Camaro on Dropbox. Here is the link: <https://dl.dropboxusercontent.com/s/udad5at0uc6xv/f9616dc7b9d0fdafb543b03adc3384fd.html>

Please take a look and let me know if you're still interested. I'm willing to let it go at a good price.

Thanks

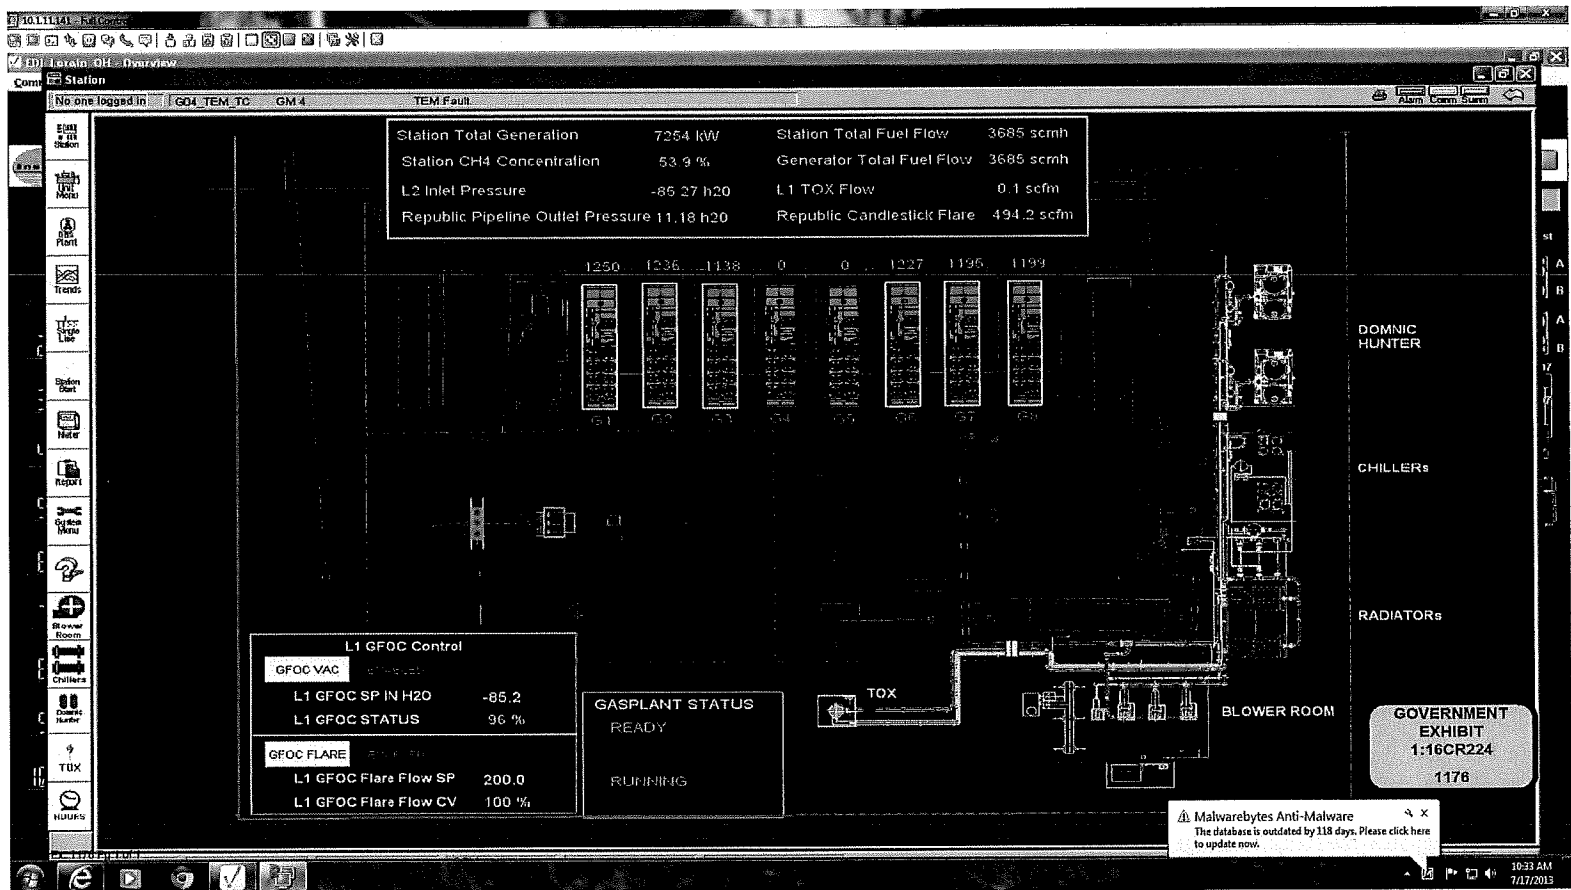

lyndon.vance

I remember now. How does the car run? Is it reliable for a summer daily driver. Any issues, rust etc. How is the interior? Last question for ya what is your bottom dollar price and are you in the Seattle area? Thanks the 5 pictures you sent the car looks great.

**Re: Sean Woodard 2008 Honda Odyssey** from Sean Woodard to 1 recipient 7:56 AM

I do not find the vehicle on EBAY. I have searched with Item # and then just with description. Is it still on there?

From: rexana.battle <rexana.battle@aol.com>

 Sent: Wednesday, June 19, 2013 1:41 AM  
 Subject: Re: Sean Woodard 2008 Honda Odyssey

Thanks for the quick response! I have just relisted the car on eBay.

As I said before, right now I am on a business trip. However, **shipping is already paid**, because my buyer changed his mind after I have made the arrangements to ship the car. The trucking company would not refund me but can ship it to anywhere within continental US, so I've left it at their warehouse and it's ready to ship at anytime.

Item# is 2918679800575, you can search for it on eBay  
 Buy it now price: \$9,280.00

Title is clear. No problems with the vehicle whatsoever.

If you're interested please use the "Buy It Now" option on eBay. This way our transaction will be protected by eBay. You will have to make the payment as a bank transfer, you'll find details on the auction page. However, if you request it, eBay will lock my bank account so I will not have access to the money you send me for the car until you inspect it and approve it. I'm OK with that too.

I'll be able to ship the car as soon as I receive the payment. I'm sure you'll love it.

I am still interested. This is the one in early, correct?. I am currently bidding on another on EBAY and went to DFW this weekend and working on a deal with autonation in Lewisville if they can meet my offer. I am not off work until Friday but then I will know about other vans I'm looking at. What is the best price for yours. If one of the other deals does not go through or if yours is a better deal than I would like to come see it Friday afternoon. If we agree on a deal I could get a cashiers check or cash that day. Thanks Sean

Interesting proposal, having someone to call who has a proper accent could= be worth something.

Regarding the MC knowledge and stuff, that's really unnecessary though, if= you give them too much details they keep asking for more eventually will= want to meet you. You can't comply to their every request. I have some= items that I actually have knowledge of, and I still play it this way.  
 Anyway I sent you a trojan, I'm not the fake email kind of guy, this was= only an attempt for where the trojan didnt work, it's leftovers.=  
 Surprisingly out of about 20 of these emails 2 more seem to be willing= to send LOL.

So yeah, if you're willing to talk on the phone we can make a nice= partnership. You don't need to be answering the phone, just place the= calls, from a prepaid card or something. We can even spoof the caller id.

I propose that I give you a nice % of what we burn together, you can= always verify if the fucker got burned, simply by calling and asking so I= have no way to cut you out. And we're like 5 guys doing this, so we'll= give you plenty of jobs.

Do you have an Instant Messenger account, so we can talk this through?

Well on the contrary, you're the one who has no idea about how this works.

But in any case, I would have an opening for you. We need bank accounts,= can you handle that?

perhaps there are 3 kinds of americans

1. we got these that I scam. They totally lack common sense and basically=  
 they think they're ripping me off, actually... They think I'm stupid and I=  
 don't know how much the bike is worth ... and they're the smart ones.=  
 Specially I like couples, they're the best (maybe some got divorced coz of=  
 this hahaha). some of them figir it out before they end up sending the=  
 money, but i'd still put them in this category, since they initially=  
 believed that the bike was actually for sale at my price; basically they=  
 escape mostly because of some dumb luck, but can't escape forever, there=  
 will always be something else they'll fall for eventually.

2. we got the normal people which I'll never know existed since the normal=  
 reaction to this, in my opinion, is to simply ignore my auction.

3. then we got the vigilantes. I am totally confused, why are they wasting=  
 their time with me? maybe because their time is not worth all that much,=  
 is it? they're clearly not making any profit out of this, and probably=  
 not making any profit out of anything, they just CAN'T. but they do have=  
 some psychological problems, they need to see a shrink instead (which will=  
 take their money too, just like me). i'm probably their worst nightmare,=  
 they threaten, file complaints, and I just laugh at them, coz they cant=  
 shut me down before I scam EVERYONE that is scamable, just like when it=  
 first happened to them. their goal is probably to feel superior, like cops=  
 do, kinda the same kind. ...hell, they're not even cops, cops laugh at=  
 them too (so that they feel superior, remember?). cops simply are guys=  
 that wanted to be "bad guys" but they never made it, they didn't have what=  
 it takes, so they got their job now to feel more comfortable with--

it takes, so they get their job now to feel more comfortable with themselves. but when they encounter me they must feel awful, suddenly they realize their true nature, they realize they CAN'T be me, and will NEVER be, they'll just keep being the losers, trying to impress idiots by holding their hands in the dark; and they'll NEVER defeat me, such a shame... at least they feel good when the #1 category worships them...= thats sooo fuckin low :) whahahahaha .

so fuck you tool

btw, do you even have a clue on how much money i'm making?

why don't you get a life? ever had one? i find it seriously doubtful.

4. Last and most importantly, you should thank me, as I have saved your ass in a number of ways.

Such a car is completely useless, therefore a waste of your and your family's money, so at least you ended up spending less than half of what you would have lost on a real car.

It's also unsafe! What if you and your family are involved in an accident in such a vehicle? I think hospitalization would hurt them more than you beating them.

I await your apologies and thanks.

Cheers!

Just got off chatting with eBay. They did return the money to your account, but it may take 24 business hours to post. I have asked them to assign a new agent, and they have done so, and you are also getting a \$200 discount from ebay.

So I guess it kinda sucks having to wait like that but as soon as you get the refund, please send it again, so we dont wast any more time.

Thanks!!!

Carlos

I just got off Live Help with ebay, they alerted me that they sent the money back to you, by mistake? You should get there and talk to them too.

No, I haven't made the modifications myself. I've bought it the way it is.

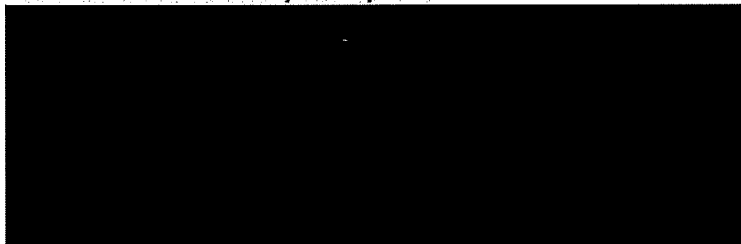

Let me know when you have sent the money to ebay and please email me your shipping address so I can take care of it asap.

Yes, it's all steel, no bondo. Absolutely nothing wrong with the car everything in perfect running order. Engine runs great too.

I am selling because I need the money real fast and I'm not home to take care of it any better so it's gotta go over the internet, that's why the

low price. Thing is I was counting on this sale a couple of weeks ago when I had the deal with the buyer who backed out, because of loan problems.

So if you have the money, I would appreciate you buying it asap.

Thanks!

Hello [REDACTED]

Sorry for getting into your lives, I will get straight to the point as it's=  
 kind of late now.

I wanted to sell my car and [REDACTED] replied to an ad of mine, than he started=  
 using harsh language, offended me and although I am a man of=  
 understanding, I ended up not tolerating his shit. Being bright with=  
 computers, I thought of teaching him a lesson and wiping his files, email=  
 accounts and other accounts he may have with other websites.

This is what I wanted to do at first, but hey I'm not irrational. I thought=  
 it up for a moment I could have done a lot of harm to other innocent=  
 people and I started investigating more about him and what kind of man he=  
 is. I went from the idea that he's a fucking moron and the way he is=  
 treating you as a wife confirmed this to me.

I don't wanna do any harm to you, just to the moron [REDACTED] who treated me=  
 with very big disrespect, and I want you to find out something about his=  
 love affairs and about what he does when he's out there in the freedom 4=

love affairs and about what he does when he's out there in the bedroom 7-  
hours by himself or when you think he's at work. Check out those emails=  
between him and [REDACTED] ( [REDACTED] ) at the end of this.=  
It starts out easily then it gets more passionate.

If you dont believe me then log on to his yahoo account

username: [REDACTED]  
password: [REDACTED]

and search through the messages in the Sent folder, you will find those=  
there. Check the messages from the inbox as well, there were some there=  
but not as passionate as those from the Sent folder. He took care to=  
delete the ones incriminating him maybe

Oh and you can even ask [REDACTED]

You may be wondering why am I doing this, I could have erased all the data=  
in your ebay account as well "myseventeen", but seeing what a jerk this=  
husband of yours is, and this having nothing to do with you, moreover his=  
a jerk to you too, I changed my mind.

Yours,  
Mr X
